COUNTERFEIT PLANT SEIZED.

Three Men Placed Under Arrest at Newark, N. J.

Newark, N. J., Sept. 10.—Three men were arrested in a house in Mulberry street while making counterfeit silver coin. In the place were found silver in bars, melting pots, a milling machine, machines for trimming and finishing the coins and a quantity of coins in all stages of manufacture. One of the men, who gives the name of Frank Donohue, is suspected of being a New York policeman. A photograph apparently of himself in uniform and a policeman's shield was found on him. The other two men gave the names of Frank Singleton and James Healey.

CHARGED WITH LARCENY.

Clerk of a Boston Stock Broker Under Arrest.

Boston, Sept. 10.—Charged with the larceny of stocks and bonds aggregating \$800, Frank G. Christianson, nineteen years old, a clerk for Robert D. Evans, a stock broker, was locked up at police headquarters, where he confessed. Christianson gave \$250 of his pecuniations to his father to enable the father to visit Sweden. The father is now on the ocean, unconscious of his son's wrongdoing. Young Christianson said that all the rest of his money was gone, having been lost on the races.

MOTHER AND CHILD KILLED.

Suit was also filed against the American and the United States Express companies, seeking to restrain them from doing business in the state on account of the failure to take out permits and maintain general offices.

TO RESIST INVASION

ASSERTED THAT IT HAS BEEN DECIDED TO MOBILIZE THE BULGARIAN ARMY.

CONSULS ASK PROTECTION

FOREIGN REPRESENTATIVES AT SALONICA REQUEST PROTECTION OF WARSHIPS.

London, Sept. 10.—Except that the consuls in Salonica are again asking for the protection of warships there is little direct news from the seat of the Macedonian troubles, but there is a plentiful crop of startling statements impossible either to confirm or to deny. Among the latter is the assertion made in a Sofia dispatch to the effect of Milan to the effect that it has been decided to mobilize the Bulgarian army. This is contrary to the avowed policy of the Bulgarian government, but cannot be regarded as unlikely with Turkish troops concentrated at Gocktepe, five miles from the Bulgarian frontier.

In Paris there is a persistent rumor that M. Constant, French ambassador at Constantinople, intends to resign as a protest against the apathy shown by his government.

According to a Sofia dispatch to the Daily Express the British agent there has already advised Bulgaria that Great Britain insists that she prevent the passage of bands into Macedonia. Little credence is attached to the story published in the Vienna Die Zeit that Turkish troops have been ordered to cross the Bulgarian frontier.

Count Goluchowski, the Austrian chancellor, had a long conference with Emperor Francis Joseph at Budapest and common diplomatic action by the powers against Bulgaria is again said to be in preparation. The Italian fleet is held in readiness at Sicily, so that it could reach Turkish waters within forty-eight hours, but Italy will not take any action except in accord with the powers.

The Daily Telegraph's correspondent at Varna reiterates the determination on the part of the Bulgarian government to hinder every manifestation likely to lead to war. He adds that Prince Ferdinand is in daily receipt of menacing letters and as a result the palace is strongly guarded. The locks have been changed on the doors and all persons desiring admittance are strictly scrutinized.

THIRTY PERSONS KILLED.

Result of the Recent Rioting at Beirut, Syria.

Beirut, Sept. 10.—The Moslem quarter of Beirut from Friday up to Sunday night was in a state of anarchy and thirty persons were killed, among whom, however, were no foreigners. The shops are closed, the streets are deserted and the government is seemingly unable or unwilling to assure the safety of the residents.

The arrival of the American cruisers Brooklyn and San Francisco was opportune. Admiral Cotton is on the alert. The men on board the warships are under arms ready to disembark on a signal from the consulate.

The Americans here think the United States government should insist on the dismissal of the wali of Beirut, a notorious bribe taker, to whom all the disorders are attributed. The opinion here is that the powers should take action to bring Beirut under the jurisdiction of an autonomous Christian government for the Lebanon district.

SCENE OF DESOLATION.

Monastir Villages Burned and All Christians Killed.

London, Sept. 10.—A dispatch to the Times from Monastir says a railway journey from Salonica to Monastir gives a slight idea of the devastation of the country. The Christian population seems to have entirely disappeared.

The crops are lying deserted and the railway stations and villages along the line are swarming with armed Turks, few of whom could be described as regulars. The signs of insurgent victories are a few burned blockhouses. The Turkish victories are indicated by the number of villages deserted and burned and the number of fires still burning over all the neighboring hills.

FEAR DYNAMITE OUTRAGES.

Foreign Consuls at Salonica Ask for Warships.

Sofia, Bulgaria, Sept. 10.—The Dnevnik says the consuls at Salonica have requested their ambassadors to send warships to that port as they are in fear of dynamite outrages.

A band of six hundred revolutionaries engaged the Turkish troops between Melnik and Demirhisar. The Turks are reported to have lost heavily.

The Turkish authorities in the Adrianople vilayet have ordered the destruction of mills and granaries. Thousands of women and children in the district are hiding in the mountains and are starving.

SICKENING SIGHTS.

Correspondent Visits the Hospitals at Monastir.

London, Sept. 10.—The Monastir

correspondent of the Daily Mail sends an account of the sickening sights he witnessed in the hospitals there. The victims of Turkish brutality were mostly Greeks and Wallachians. Many women and children had wounds from Mauser bullets, proving that they had been inflicted by regular troops, inasmuch as the Bashi Bazouks are armed with Martinis. The stories told by the victims tended to prove the worst accusations against the Turkish troops of brutalities and massacres.

MACEDONIAN MEMORANDUM.

Declares Sixty-five Thousand People Have Been Killed.

Sofia, Sept. 10.—The Macedonian organizations are preparing a memorandum to be presented to the representatives of the powers in which they will declare that the insurgents intend to resort to reprisals for the Turkish atrocities. The memorandum gives detailed information of villages destroyed and the massacre of their inhabitants. It declares that 65,000 men, women and children have been slaughtered and 120 villages burned. In the list of villages given only two are in the vilayet of Adrianople. The others are principally in the Monastir vilayet.

GERMANY SENDING FRIGATE.

Training Ship Moltke Ordered to the Mediterranean.

Berlin, Sept. 10.—The Tageblatt says the German training frigate Moltke will leave Lisbon for the Mediterranean. She will stop at a port in Greece and thence proceed to Syria. The Moltke has 400 men on board, part of whom could be landed in case of need. She will be the only German ship in the Mediterranean.

The Frankfurter Zeitung declares that the trouble at Beirut was caused by the appearance of the American squadron.

NO LONGER AVOIDABLE.

Turkish War Minister Anxious to Begin Hostilities.

Vienna, Sept. 10.—A Constantinople dispatch to the Die Zeit reports that the Turkish troops have been ordered to cross the Bulgarian frontier of Eastern Roumelia on the coming full moon nights in order to surround all the bands in the vilayet of Adrianople. It is rumored from other sources that the Turkish minister of war is anxious to begin hostilities against Bulgaria, which he regards as no longer avoidable.

CHINA OBJECTS STRONGLY.

Two New Russian Conditions on Manchurian Exacuation.

London, Sept. 10.—The Times correspondent at Peking telegraphs two fresh conditions that M. Lessar, the Russian minister, included in his note to the Chinese foreign board, promising to begin the evacuation of Manchuria on Oct. 8. The first condition is that Russia be allowed landing stages on the Sungari river, with the right to guard them with Russian troops, and the second is that Russia shall have the right to maintain Russian post stations along the main route from Tsitsihar, capital of Heilungking, and Bagovestschensk. China objects strongly to both conditions. Russia specifies that the Kirin province shall be evacuated four months after the evacuation of Mukden. China protests against this also.

The correspondent concludes that the attitude of the Chinese officials seems less hopeful of an early settlement than when they first received the Russian conditions.

WILL BECOME AN AMERICAN.

Lipton's Skipper Decides to Locate in United States.

New York, Sept. 10.—Captain Wringe, who sailed the Shamrock III. in her races against the Reliance for the America's cup, announced during the day that he had decided to make this country his home in the future, and to become a citizen as soon as the law allows. As a result of this Sir Thomas Lipton may feel obliged to modify his recent statement that he will challenge again provided he can find a designer. Besides a designer he will now have to find a suitable skipper, if he still holds to the opinion that Captain Wringe is the best handler of single stickers on the other side.

KING PETER MAY ABDICATE.

Servian Ruler Worried Over Attitude of the Czar.

Vienna, Sept. 10.—According to private advices from Belgrade King Peter has sent a message to the czar to beg him to reconsider his attitude toward the Servian officers, which the king regards as partly the cause of the new revolt in the army. King Peter fears that he cannot fulfill his mission unless the czar changes his present hostile attitude toward the officers. There is an unconfirmed rumor that in the event of the czar refusing to accede to King Peter's request the latter will abdicate.

TORNADO IN ILLINOIS.

Half a Dozen Houses Destroyed at Quincy.

Quincy, Ill., Sept. 10.—A tornado struck the eastern outskirts of Quincy, sweeping to fragments a half dozen houses, the occupants of which escaped without serious injuries except in one instance. Mrs. John Schneizle was seriously injured in the wreck of her home at Twenty-third and Ohio streets, not only being maimed by falling debris, but being pinioned between a cook stove, in which she had been starting a fire, and timbers. Her injuries are thought to be fatal.

RAID AN ILLICIT STILL

UNITED STATES OFFICERS FIND A PERFECTLY EQUIPPED PLANT IN CHICAGO.

THREE ARRESTS ARE MADE

AUTHORITIES CONFISCATE MORE THAN EIGHT HUNDRED GALLONS OF WHISKY.

Chicago, Sept. 10.—An illicit still perfectly equipped, was raided by United States officers at 75 Evergreen avenue, Samuel Barron, alias Marcus, alleged owner of the "plant," was arrested and Samuel Levinson and his wife, Rebecca, who, it is alleged, knew of the existence of the still, were kept under guard by the government officers. Officers remained in charge of the house throughout the night.

All three prisoners are Russian Jews, who have lived at the place for ten months, the moonshining plant having, it is alleged, been started directly after the trio came to Chicago from Russia.

More than 800 gallons of whisky were seized.

RESULT OF JEALOUSY.

Barber Wounds a Woman and Marshal at Sleepy Eye, Minn.

Sleepy Eye, Minn., Sept. 10.—In a fit of jealous rage Charles Kimball, a barber, shot and wounded Mrs. M. J. Toomey, held off the entire village, seriously wounding Marshal Franz and was himself shot by a stranger who volunteered when Kimball had the village cowed. None of the wounded will die.

Kimball had been boarding for two years with Mrs. Toomey, who is an attractive divorced woman, and had become, it is said, greatly infatuated with her.

Kimball fired two shots at Mrs. Toomey, one striking her shoulder. City Marshal Franz attempted to arrest Kimball, but received a bullet, and the crowd retreated to points of safety. At this stage an unknown man dressed as a harvest hand, took the marshal's gun and in spite of the shots coming his way dropped the barber with a well placed bullet.

REMANDED WITHOUT BAIL.

Baltimore Manufacturer Arrested at Toronto, Ont.

Toronto, Ont., Sept. 10.—Leopold J. Stern, a Baltimore manufacturer indicted in Washington for alleged postal frauds, surrendered to the authorities here during the day. Before Judge Winchester, T. C. Robinson, counsel for Stern, informed the judge that his client was prepared to proceed with an investigation into any charge the United States government might prefer.

County Crown Attorney Dewart, acting for the United States government, said that a warrant for Stern's arrest was enroute to Toronto, and asked that the accused be held pending its arrival.

Despite the protest of his counsel, Stern was remanded to jail without bail until Friday.

DIES FROM HIS INJURIES.

Pugilist Became Unconscious Soon After a Fight.

Philadelphia, Sept. 10.—Joseph Riley, a bantamweight pugilist, died shortly after midnight at St. Agnes hospital. Riley Tuesday night engaged in a six round bout with Grif Jones at the Southern Athletic club. The fight ended in a draw and Riley seemed in good condition at the conclusion of the fight, but shortly after reaching his dressing room he fell to the floor unconscious and was removed to St. Agnes hospital. He never thereafter regained consciousness.

Grif Jones, William Hohl, proprietor of the club, and the several seconds of the two men in the bout are under arrest.

Fatally Injured by Automobile.

Zanesville, O., Sept. 10.—An automobile driven by Earl Kiser of Dayton escaped his control at the races and dashed into a fence, probably fatally hurting John Gooding of Zanesville. Several other persons were injured. Kiser sustained a broken ankle.

The winner received a medal and is entitled to hold the cup for one year. The contest was open to all citizens and residents of the United States. Captain Richards of Ohio Captures the Famous Trophy.

Seagirt, N. J., Sept. 5.—All previous records in the number of competitors in an individual contest were broken Friday, when 113 riflemen reported at the firing line to compete in the Wimbledon cup match for the famous trophy presented by the National Rifle association of Great Britain to be shot for under the auspices of the National Rifle association of America. The winner received a medal and is entitled to hold the cup for one year. The contest was open to all citizens and residents of the United States. Each competitor was required to fire twenty shots at 1,000 yards. The use of any rifle was permissible. The cup was won by Captain Richards of Ohio, who scored a total of 91 out of a possible 100.

A GUARANTEED CURE

For all Poisons of the

BLOOD

Or the treatment costs nothing.

Contagious blood poison is a cruel and imperious master, it needs not the cry for mercy or the voice of prayer. You may have just recently contracted Blood Poison, or its lingering taint you may have had for years. It is safe to say that you are not cured. The old symptoms and troubles return, every now and then. There is only one cure in the world today for Blood Poison in any stage, and that is MEDERINE. It searches out the impurities, cleanses and purifies the system, strengthens and invigorates the whole constitution, clears and beautifies the complexion, and renders the skin soft and velvety.

One of Many Letters.
Geo. W. Watson, George, N. Y., says: It is now three years since I took your MEDERINE course of treatment for Blood Poisoning, but I want to inform you of my gratitude for what it did for me. It saved me from worse than a living death. Only for your treatment I should have been on the other side of the liver or in the Madhouse. I would to God that I had the power to spread to the entire world the curative powers of your greatest of all Blood Cures.

An Ulcer Cured.
H. Brann, Fargo, N. D., writes: I had an ulcer on my left leg, and learning of the restorative cure MEDERINE was making, I used in all two courses of your treatment, and to my surprise the ulcer was cured. The doctors told me there was no help for me. You can assure my great joy over being cured, after years of suffering and waste of money. Use this as it will serve the public.

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Send express prepaid if your druggist does not carry MEDERINE in stock. 6 BOTTLES FOR \$5

WAS A FINE TURNOUT.

The Iron Moulders Float Took First Prize For Best Appearance and the Men Make Good Showing

Lack of space made it impossible for the DISPATCH to give the amount of space it would have liked for the Labor Day writup and some little matters were inadvertently overlooked.

One of the oversights was the fact that the Iron Moulders float was not given the mention it should have had. This took first prize in the big industrial parade for the best appearing float and it was a beauty. It represented Uncle Sam and the Goddess of Liberty standing one each side of a large scale, the one side representing "capital" and the other side "labor." The scale was evenly balanced. It was a very bright and original idea and captivated everyone. Mr. Cullen was the Uncle Sam for the time being and Miss Mollie Isle assumed the role of the Goddess of Liberty.

The men were attired in appropriate regalia and carried red, white and blue umbrellas, the colors being in keeping with those used on the float.

The mail carriers were also in line and the DISPATCH failed to give them mention. Carrier Thompson says that they had the largest turnout of any body in the city; that 100 per cent of their members turned out. There were only four but they were all in the parade.

Plover's Eggs.

Few people realize that there are other eggs besides those of hens which have enormous commercial value. In England so called "plover's eggs," which are really those of lapwings, are sent to the city markets from the rural districts by hundreds of thousands. They are esteemed a great delicacy and fetch a very high price, the use of them being for that reason confined almost exclusively to the aristocracy and other luxurious persons. Being only about the size of pikeons' eggs, a good many of them are required to make a dish. Men make a business of gathering them from the nests in marshes and wet fields.—London Standard.

SPORTING FISH.

The Jaguar is the Sharpshooter of the Finny Tribe.

Certain fish have been termed "sporting" because they shoot their prey with great precision. The Jaguar fish of Java is of this sporting tribe.

Several of these fish in the possession of a Javanese chief were placed in a small circular pond, from the center of which rose a pole upward of two feet in height. Beetles were put on top of the pole on sharp pointed pieces of wood. The fish then came out of their holes and swam around the pond. One of them came to the surface of the water and rested there. After fixing his eyes steadily on a beetle it discharged a small quantity of water from its mouth with such force and precision as to knock the beetle off the twig into the water. In an instant the beetle had been swallowed.

After this another fish came up and performed a similar feat, and so the sport continued until they had caught all of the beetles. If a fish failed to bring down its prey the first shot it swam around the pool till it came opposite the quarry and fired again. In one instance a fish returned three times to the attack before it secured its prey, but usually the fish were very expert marksmen, bringing down the beetle at the first shot.

The fish frequent the banks of the rivers in search of food. When it spies a fly on the plants that grow in shallow water, it swims to a distance of five or six feet from it and then, with surprising dexterity, ejects from its tubular mouth a single drop of water. —Exchange.

Animal Accidents.

Whales, elephants and eagles come at the head of the table of creatures which longest survive the ills to which they are heir, yet a whale has been found dead of a dislocated jaw; an elephant has died of gangrene in one of its feet, set up by a gunshot. In a Scotch deer forest not long ago a stalking party came across a magnificent golden eagle dead, caught in a fox trap. He had been caught by the center claw of one foot and had died of exhaustion in attempting to escape. By his side were two grouse and a partly eaten hare which other eagles had brought to sustain him in his fight for life. If a rat had been caught by his leg in a trap either he or his comrades would have bitten off the imprisoned limb and released him. The poor despised toad is not built to stand physical violence, but he would fatten on the imprisonment. Toads imprisoned in rocks for years—no one knows how many—come to light from time to time fat and well. Unless microbes carried to them through the pores of the imprisoning rock have been their fare it is certain, according to naturalists who ought to know, that they have eaten nothing for an unthinkable period.

A Man Who Knew Everything.

Thiers, the French statesman, was a victim of many whimsies. None had stronger hold on him, says Mgr. Gabriel Hanotaux in "Contemporary France," than his desire to get everybody to recognize his universal competency.

Of an applicant for the post of director at the Sevres manufactory Thiers said:

"He is no more made for that part than I for"—and then he stopped.

"Ah, oh! M. Thiers," said his interlocutor, "you find it hard to say what you could not do."

"That's the truth! That's the truth!" cried the statesman gleefully.

One day Thiers said, speaking of a man who had been raised to a high function:

"He is no more suited for that office than I am to be a druggist. And yet," he added, catching himself up, "I do know chemistry!"

Some Familiar Quotations.

"Alliteration's artful aid" was spoken of by the little read poet Churchill. "The pink of perfection" was originated by Oliver Goldsmith; so were "Measures, not men," and "Man wants but little here below, nor wants that little long." Gray, the author of the "Elegy," is responsible for many popular phrases, among them "Full many a gem of purest ray serene," "To waste its sweetness on the desert air," "This pleasing, anxious being," "The paths of glory lead but to the grave" and "Where ignorance is bliss 'tis folly to be wise." Dr. Johnson gave us "Who lives to please must please to live." He also said, "Who drives fat oxen should himself be fat," in which there is more sound than sense.

Bibles in Pawn.

"Not more than three times in the thirty years that I have been in business has a Bible been accepted as collateral for a loan in my establishment," said a pawnbroker whose business is one of the largest of its kind in Philadelphia. "On those few occasions it has been without my sanction, even without my knowledge. It isn't that we don't have many opportunities to advance money on Bibles; it is just that we have an aversion to doing so. Aside from what might be regarded as the sacrilege of such a transaction it always brings bad luck."

The Facts in the Case.

Uncle John—Which is right, Willie, I have had my boots blacked? or "I have had my boots blackened?"

Willie—I guess neither ain't right, Uncle John. You should say, "My boots need blacking."—Boston Transcript.

Expressive Face.

He—That bull terrier of yours has a speaking countenance, hasn't he?

She—Do you think so?

He—Yes; it says to me plainly as words could, "Beware of the dog!"—Kansas City Journal.

THE FAIR WILL BE CONTINUED LONGER

Management Decides that it Will be Worth While to Continue Fair Until Saturday.

SOME RARE EXHIBITS THERE.

There are Thirty-one Exhibits of Poultry Alone—Stock Exhibit is Very Good.

Largely on account of the funeral of the late A. F. Ferris, the attendance at the county fair today was not very large but it is anticipated that by tomorrow there will be a good turnout. There are more entries already than had been expected and they continued to come in throughout the day.

The fair management has decided to extend the fair until Saturday evening and this then will give all an opportunity to be present.

President Swartz states that the exhibits, at least those of the farm products, are much better than at any time in the history of the county and some of the displays would be a credit to many of the older counties of the state.

The prospects are that there will be quite a showing made in the live stock department this year. It is not thought that there will be a large number for any one class but there will be a general exhibit that will be a very creditable one.

Efforts are being made to have some horse races on Saturday afternoon at the fair grounds and in this event the day ought to be a good one for the fair management.

There are thirty-one exhibits of poultry alone and the fruit exhibit is one of the best ever seen in the county. The vegetable display is, as usual, very fine. There is also a large display in the fine art department.

Prof. Heecker, of the state agricultural school, will speak tomorrow afternoon.

The entries closed at noon today and the number far exceeded the expectations of the management.

R. R. Wise has a fine lot of Herefords on exhibition, E. W. Dunn a nice exhibit of Shorthorns. In the horse class E. W. Lynch has his thoroughbred stallion W. W. Holst has a good machinery exhibit. W. Dodd has pretty assortments from his green house and the Jewel Nursery company occupies a large space with their exhibit of apples.

Examples of Terseness.

Perhaps the tersest and most effective election speech ever made, says a London weekly, was that of Mr. John Peel at Accrington, when at last and after the most urgent solicitation he was induced to address there the electors of northeast Lancashire. "Men of Accrington, if you are so backward in coming forward, we shall all be behind as we were before." The only deliverance comparable with this in terseness and effectiveness was the sermon of Dean Swift's, which, taking as its text, "He that giveth to the poor lendeth to the Lord," began and ended thus: "Brethren, if you like the security down with the dust!"

THE FAIR WILL BE CONTINUED LONGER
Management Decides that it Will be Worth While to Continue Fair Until Saturday.
SOME RARE EXHIBITS THERE.
There are Thirty-one Exhibits of Poultry Alone—Stock Exhibit is Very Good.

Largely on account of the funeral of the late A. F. Ferris, the attendance at the county fair today was not very large but it is anticipated that by tomorrow there will be a good turnout. There are more entries already than had been expected and they continued to come in throughout the day.
The fair management has decided to extend the fair until Saturday evening and this then will give all an opportunity to be present.
President Swartz states that the exhibits, at least those of the farm products, are much better than at any time in the history of the county and some of the displays would be a credit to many of the older counties of the state.
The prospects are that there will be quite a showing made in the live stock department this year. It is not thought that there will be a large number for any one class but there will be a general exhibit that will be a very creditable one.
Efforts are being made to have some horse races on Saturday afternoon at the fair grounds and in this event the day ought to be a good one for the fair management.
There are thirty-one exhibits of poultry alone and the fruit exhibit is one of the best ever seen in the county. The vegetable display is, as usual, very fine. There is also a large display in the fine art department.
Prof. Heecker, of the state agricultural school, will speak tomorrow afternoon.
The entries closed at noon today and the number far exceeded the expectations of the management.
R. K. Wise has a fine lot of Herefords on exhibition, E. W. Dunna a nice exhibit of Shorthorns. In the horse class E. W. Lynch has his thoroughbred stallion W. W. Holst has a good machinery exhibit. W. Dodd has pretty assortments from his green house and the Jewel Nursery company occupies a large space with their exhibit of apples.

Examples of Terseness.
Perhaps the tersest and most effective election speech ever made, says a London weekly, was that of Mr. John Peel at Accrington, when at last and after the most urgent solicitation he was induced to address there the electors of northeast Lancashire. "Men of Accrington, if you are so backward in coming forward, we shall all be behind as we were before." The only deliverance comparable with this in terseness and effectiveness was the sermon of Dean Swift's, which, taking as its text, "He that giveth to the poor lendeth to the Lord," began and ended thus: "Brethren, if you like the security down with the dust!"

DECISIONS ARE AGAINST FARMERS

Decisions Received at the St. Cloud
Land Office in Cases Invol-
ing Land.

NOR. PACIFIC INDEMNITY BELT

The Decisions So Far will Result
in Loss to Farmers of 200
Quarters.

In the past few days the St. Cloud
land office has received twenty decisions
from the commissioner of the general
land office covering cases in the so-called
Northern Pacific indemnity belt in Crow
Wing, Morrison and Todd counties. In
all cases the decisions favor the rail-
roads.

The decisions, unless reversed by the
United States supreme court, will be
the means of losing to the settlers 200
quarter sections of land, with fees
aggregating some \$20,000 to the attor-
neys.

The decisions are covered by an om-
nibus decision filed by the commissioner
in which judgment was found for the
railroad company and the individual
decisions are coming so rapidly at the
St. Cloud land office that no attempt is
made to enter them at the present time.

The settlers are for the most part men
of ordinary means and the appealing of
the case to a higher court will mean a
great hardship to them, many prefer-
ring to settle with the company by pay-
ing them as much as \$10 an acre for the
land rather than go through an expen-
sive litigation.

It has been decided by the attorneys
to appeal all the cases to the secretary
of the secretary of the interior and if
necessary carry them still higher.

LAST RESPECTS ARE PAID TO MEMORY OF LATE A. F. FERRIS

City Pauses to Shed a
Tear on Bier of
Honored Dead

A LARGE ATTENDANCE

Civic and Fraternal Or-
ders Made a Good
Showing.

Brainerd and the state of Minnesota
paid their last respects this afternoon
to the memory of Hon. Allen F. Ferris,
and all that was mortal of him who
once was the prime factor in the admin-
istration of the affairs of the city and
county were laid beneath the sod at
Evergreen cemetery.

At no time in all the history of Brainerd
has there been such a demonstra-
tion as that manifested this afternoon,
and it was by far the largest funeral
that has ever been held in the northern
part of the state.

With the noontide business through-
out the city was virtually suspended
and the shops closed down for the af-
ternoon out of respect to the memory of
the late senator and the city put on its
deepest mourning. With the passing of
this day a new page has been turned
and it is the beginning of a new epoch
for the city of Brainerd, for without
this man things must be different for he
was the great center about which nearly
every commercial, educational and
financial interest revolved.

Long before the hour of the funeral,
which was at 3 o'clock this afternoon,
great crowds of people gathered in the
vicinity of the First Congregational
church and, the doors being locked,
they waited a chance to get in and get
a seat. The crush of people was kept
back, however, and the members of the
orders to which deceased belonged, his
closest friends and members of the
family were provided with seats.

The remains were removed to the
family residence on Seventh street yester-
day afternoon where they lay in-state
until this afternoon when removed to
the church for the services. At the
residence many of the late friends of the
senator viewed the features for the last
time. The remains were placed in a
beautiful casket of royal purple broad-
cloth, exquisitely mounted, and it is
said that the casket was a facsimile of
the one in which President McKinley
was buried except that the president's
was black broadcloth.

The members of the various orders in
the city turned out in large numbers
and there were thousands of people in
line long before the hour for the regular
service at the church. A big turnout
was expected but it was never thought
that there would be such a jam.

There were people present at the
funeral from all parts of the state, most
of these being prominent in politics and
civil life. Some forty or fifty arrived
from St. Paul and Minneapolis, a special
coach attached to No. 5 being placed at
their disposal. Among the number
there were many state officials and
members of the legislature, colleagues
of the late Senator Ferris. In most
every instance the wives accompanied the
husbands.

The trains arriving in the city this
afternoon brought men from all parts of
the state and the following are the most
prominent ones:

Cass Lake—Chas. Tedford, F. P.
Leisen, George Lyddick, A. G. Bernard,
Senator J. D. Jones and E. L. Warren.
Zumbrota—Mr. and Mrs. Sid Bar-
teau.

Benson—Senator and Mrs. Stone.
Alexandria—Senator and Mrs. Ward.
Aitkin—Senator and Mrs. Ole Mounsten
and J. R. Heino.
Little Falls—Congressman C. B. Buck-
man, W. M. Fuller, J. J. Rider, A. R.
Davidson, M. M. Williamson, Chief
Ember, Chief Tourtellotte, Dana Brown,
Frank Lyon, Guy Kaul.

Royalton—Charles and I. W. Bouck.
Fort Ripley—Robert Tedford.
Breckenridge—Senator Wells.
Wadena—Dr. Babcock, W. E. Verity,
George M. Stowe, J. J. Meyers, George
R. Koplar.

Moorhead—Senator F. H. Peterson.
St. Paul delegation—Senator M. E.
Clapp, and Ex-Governor A. R. McGill,
Messrs. Harrington, Hardy, Cowan,
Torsion, Wilson, Durant, Schultz, Jep-
son, Ebehart, Barker, Congressman H.
C. Stevens, Rev. Pollock, Judge Collins,
Judge Jaggard, T. E. Byrnes, G. Lamb,
G. Kibbie, F. Kahronuhl, O. C. Gregg,
W. W. Rich, State Supt. of Public In-
struction Olson and Hon. J. C. Wood
and wife.

The floral decorations which were
sent by friends in the city as well as
those in other cities and towns in
the state were very beautiful and the
designs and special pieces were especi-
ally appropriate.

The business places in the city are
decorated with mourning and there was

not a place of business in the city that
was not closed this afternoon. The
funeral service at the church and the
grave were very impressive.

TIMBER CASE RULING.

One of the Very Many "Dead and Down"
Cases Settled by Circuit Court
of Appeals.

A. Y. Merrill, of Minneapolis, attorney
for West & Bonness in one of the famous
dead-and-down timber cases which have
been tried during the last two years in
the federal court in Minneapolis, has re-
ceived word from Denver that the
United States circuit court of appeals
has affirmed the judgment of the United
States circuit court at Minneapolis
without costs to either party.

When the case was on trial a year ago
last March the jury brought in a ver-
dict for the defendants, West & Bonness.
Judge Lochren refused a new trial and
the government appealed.

This suit was one of the many brought
by the government for violation of cer-
tain provisions of the dead-and-down
timber act of 1897, affecting the sale of
timber on the Indian reservations. Two
sales took place, one in 1898 and one in
1901. Under the provisions the lumber-
men were allowed to take the dead and
down timber and a certain amount of
green timber for boom sticks and for
the building of roadways.

People in the Dykeman Settlement Making
a Move Toward Getting a
Postoffice.

People living west of Garrison in what
is known as the Dykeman settlement
are about to take steps to try, if possible,
to secure better mail service. As it is
now these people claim that they have
to drive from four to ten miles for their
mail and it is very inconvenient.

They want another mail route running

line. This, they think, would remedy
the present very unsatisfactory condition

has there been such a demonstra-
tion as that manifested this afternoon,
and it was by far the largest funeral
that has ever been held in the northern
part of the state.

With the noontide business through-
out the city was virtually suspended
and the shops closed down for the af-
ternoon out of respect to the memory of
the late senator and the city put on its
deepest mourning. With the passing of
this day a new page has been turned
and it is the beginning of a new epoch
for the city of Brainerd, for without
this man things must be different for he
was the great center about which nearly
every commercial, educational and
financial interest revolved.

Long before the hour of the funeral,
which was at 3 o'clock this afternoon,
great crowds of people gathered in the
vicinity of the First Congregational
church and the doors being locked,
they waited a chance to get in and get
a seat. The crush of people was kept
back, however, and the members of the
orders to which deceased belonged, his
closest friends and members of the
family were provided with seats.

The remains were removed to the
family residence on Seventh street yester-
day afternoon where they lay in state
until this afternoon when removed to
the church for the services. At the
residence many of the late friends of the
senator viewed the features for the last
time. The remains were placed in a
beautiful casket of royal purple broad-
cloth, exquisitely mounted, and it is
said that the casket was a facsimile of
the one in which President McKinley
was buried except that the president's
was black broadcloth.

The members of the various orders in
the city turned out in large numbers
and there were thousands of people in
line long before the hour for the regular
service at the church. A big turnout
was expected but it was never thought
that there would be such a jam.

There were people present at the
funeral from all parts of the state, most
of these being prominent in politics and
civil life. Some forty or fifty arrived
from St. Paul and Minneapolis, a special
coach attached to No. 5 being placed at
their disposal. Among the number
there were many state officials and
members of the legislature, colleagues
of the late Senator Ferris. In most
every instance the wives accompanied
the husbands.

The trains arriving in the city this
afternoon brought men from all parts
of the state and the following are the
most prominent ones:

Cass Lake—Chas. Tedford, F. P.
Leisen, George Lyddick, A. G. Bernard,
Senator J. D. Jones and E. L. Warren.
Zumbrota—Mr. and Mrs. Sid Bar-
teau.

Benson—Senator and Mrs. Stone.
Alexandria—Senator and Mrs. Ward.
Aitkin—Senator and Mrs. Ole Mousten
and J. R. Heino.

Little Falls—Congressman C. E. Buck-
man, W. M. Fuller, J. J. Rider, A. R.
Davidson, M. M. Williamson, Chief
Ember, Chief Tourtellotte, Dana Brown,
Frank Lyon, Guy Kaull.

Royalton—Charles and I. W. Bouck.
Fort Ripley—Robert Tedford.

Breckenridge—Senator Wells.
Wadena—Dr. Babcock, W. E. Verity.

George M. Stowe, J. J. Meyers, George
R. Koplar.

Moorhead—Senator F. H. Peterson.

St. Paul delegation—Senator M. E.
Clapp, and Ex-Governor A. R. McGill,
Messrs. Harrington, Hardy, Cowan,
Torson, Wilson, Durant, Schultz, Jep-
son, Ebehart, Barker, Congressman H.
C. Stevens, Rev. Pollock, Judge Collins,
Judge Jaggard, T. E. Byrnes, G. Lamb,
G. Kibbie, F. Kahronuhl, O. C. Gregg,
W. W. Rich, State Supt. of Public In-
struction Olson and Hon. J. C. Wood
and wife.

The floral decorations which were
sent by friends in the city as well
as those in other cities and towns in
the state were very beautiful and the
designs and special pieces were espe-
cially appropriate.

The business places in the city are
decorated with mourning and there was

not a place of business in the city that
was not closed this afternoon. The
funeral service at the church and the
grave were very impressive.

TIMBER CASE RULING.

One of the Very Many "Dead and Down"
Cases Settled by Circuit Court
of Appeals.

A. Y. Merrill, of Minneapolis, attorney
for West & Bonness in one of the famous
dead-and-down timber cases which have
been tried during the last two years in
the federal court in Minneapolis, has re-
ceived word from Denver that the
United States circuit court of appeals
has affirmed the judgment of the United
States circuit court at Minneapolis
without costs to either party.

When the case was on trial a year ago
last March the jury brought in a ver-
dict for the defendants, West & Bonness.
Judge Lochren refused a new trial and
the government appealed.

This suit was one of the many brought
by the government for violation of cer-
tain provisions of the dead-and-down
timber act of 1897, affecting the sale of
timber on the Indian reservations. Two
sales took place, one in 1898 and one in
1901. Under the provisions the lumber-
men were allowed to take the dead and
down timber and a certain amount of
green timber for boom sticks and for
the building of roadways.

WANT BETTER SERVICE.

People in the Dykeman Settlement Making
a Move Toward Getting a
Postoffice.

People living west of Garrison in what
is known as the Dykeman settlement
are about to take steps to try, if possible,
to secure better mail service. As it is
now these people claim that they have
to drive from four to ten miles for their
mail and it is very inconvenient.

They want another mail route running
either from Garrison or Neutral to
Platte Lake with two postoffices on the
line. This, they think, would remedy
the present very unsatisfactory condition
of affairs there.

MOVES OVER TO LEAD.

American Mining Congress Holds
Three Sessions.

Lead, S. D., Sept. 10.—The Ameri-
can Mining congress moved over to
Lead and after receiving a cordial
welcome from Mayor E. R. Irwin on
behalf of the city, proceeded to trans-
act the business of its sixth annual
session where it left off at Deadwood.
Three sessions were held. Three
more sessions will be held in Lead on
Friday and then the congress will go
back to Deadwood, where it expects to
conclude its work on Saturday after-
noon.

The principal speakers of the day's
three sessions were George E. Roberts,
director of the mint; John L. Webster,
Omaha, and E. W. Parker of the Uni-
ted States geological survey, Washing-
ton.

Each was given a rising vote of
thanks for honoring the congress.

Mr. Roberts, just before conclusion,
referring to the recent increase in the
value of silver, said he believed silver
had seen its worst days and that it
would before long reach and maintain
a staple standard of value.

This statement was received with
applause.

The chief feature of the evening
session was the address of John L.
Webster of Omaha.

DIES FROM THE SHOCK.

Accusation of Theft Kills Prominent
Chicago Woman.

Laporte, Ind., Sept. 10.—Mrs. Janie
Stewart Boyesen of Chicago, died
during the day at Asheville, N. C., as
a result of nervous shock following ac-
cusations of theft. While Mrs. Boye-
sen was at a hotel near Spartansburg,
S. C., the room of a guest from Au-
gusta, Ga., was robbed of \$600 worth
of jewelry. The landlord accused
Mrs. Boyesen. She was not in good
health and the charge resulted in her
physical collapse.

Before the end came she institute
a fifty thousand dollar damage suit
against her accuser in the federal
court at Charleston.

Mrs. Boyesen had done consid-
erable newspaper work and was a mu-
sician of marked ability. She was a
member of the Daughters of the Ameri-
can Revolution, the Chicago Woman's
club and other organizations.

Trophy.

Sea Girt, N. J., Sept. 10.—The name
of the first winner to be engraved on
the national rifle shooting trophy, pro-
vided by the congress of the United
States, will be that of New York. In
a spirited competition in progress two
full days the New York team of twelve
uniformed men captured the trophy
handily, finishing with a lead of 86
points over its nearest competitor,
New Jersey. New York's total was
2,988 out of a possible 3,600. In addi-
tion to the national trophy, valued at
\$1,000, which will be held by the win-
ning team only one year, the New
York team won a cash prize of \$500.

KILLED BY DISGRACE.

Des Moines Woman Dies After Faint-
ing in Court.

Des Moines, Sept. 10.—Swooning as
she heard her son Fred bound over to
the grand jury on the charge of lar-
ceny, Mrs. Susan Virden, an aged wo-
man, dropped to the floor of Justice
Duncan's court and closed her eyes for
the last time on a heart-breaking
scene, for she died late in the after-
noon.

When the judge commenced to ren-
der his decision she strained every
nerve to catch the words. She bent
her aged head forward and as the fatal
words were spoken she fell to the floor
in a dead faint.

JUDGE FLANDRAU DEAD.

Pioneer Settler of Minnesota Passes
Away at St. Paul.

St. Paul, Sept. 10.—Judge Charles
E. Flandrau died at his residence, 285
Pleasant avenue, at 8 o'clock a. m.
For two years he had been suffering
from a kidney ailment, and in the past
week his illness took so serious a turn
that his end was known to be a mat-
ter of a few days. All the members
of the family were at his bedside
when the end came.

Of Huguenot ancestry, he was born
in New York City, July 15, 1828, his
father being at that time a law part-
ner of Aaron Burr. Judge Flandrau
was educated in private schools at
Georgetown and Washington, D. C.,
and at the age of thirteen yielded to a
desire to go to sea. After three years
of seafaring life he began the study of
law in his father's office, at White-
boro, N. Y., and in 1851 he was ad-
mitted to the bar. After two years of
legal experience he came West with
Horace R. Bigelow, and the two formed
a legal partnership in St. Paul. In
1856 he was appointed Indian agent
for the Sioux of the Missisippi, and
did notable work in rescuing hundreds
of refugees from the hands of the
blood-thirsty reds. In 1857 he be-
came a member of the constitutional
convention which framed the consti-
tution of the state. At that time he
was also appointed an associate jus-
tice of the supreme court of Minne-
sota, retaining his place on the bench
until 1864. Politically he was a Demo-
crat, and in 1867 was a candidate for
governor.

It was during the Sioux rebellion of
1862 that Judge Flandrau performed
his most notable services for the
state. Upon the outbreak of the re-
bellion, Judge Flandrau organized a
company and marched to the scene of
the trouble immediately. At New
Ulm he was chosen commander-in-
chief of the volunteer force, and after
a fierce fight which continued for over
forty hours without cessation, saved
New Ulm from being pillaged and the
citizens and refugees from certain
massacre.

WHILE PACKING A TRUNK.

Prominent St. Paul Business Man Ac-
cidentally Shot.

St. Paul, Sept. 10.—Henry Nicols,
a member of the firm of Nicols, Dean &
Gregg, accidentally shot himself in the
head with a revolver during the after-
noon at his home, while packing a
trunk. The bullet entered his head
above his right temple, and death was
almost instantaneous.

The manner in which the accident
happened remains a mystery, but it is
thought that in placing the revolver
among other things with which he was
filling the trunk, the trigger was
touched inadvertently, or that the re-
volver dropped and discharged itself.

Henry Nicols was born in St. Paul
forty-two years ago, and he had re-
sided in this city continuously, with
the exception of a few years spent at
college, and later in traveling abroad.
He was possessed of a comfortable
private fortune as well as his interest
in the firm left him by his father, the
late John Nicols. He took no part in
the business of the firm, of which his
brother, J. R. Nicols, is an active mem-
ber.

RABBI AARON SINAI DIES.

Well Known Hebrew of Orthodox
Church Passes Away.

Minneapolis, Sept. 10.—Rev. Aaron
Herman Sinai, for twenty years a re-
sident of Minneapolis and one of the
most prominent orthodox rabbis in
America, died at his home here during
the morning. Rabbi Sinai was one of
the first rabbis to minister to the or-
thodox Jews in Minneapolis, and dur-
ing the twenty-five years that he re-
sided in America he has been connect-
ed with nearly every important Jew-
ish movement. It was during his con-
nection with the Congregation Keneseth
Israel and through his influence
that the orthodox church has main-
tained its strength in the community.
Rabbi Sinai was born in Germany in
1841.

IN LINE ALL NIGHT.

Women and Octogenarian File on
Land at Duluth.

Duluth, Sept. 10.—Sixty weary, hun-
gry and sleepy people stood in line at
the federal building at 6 o'clock a. m.
when Receiver Smith of the United
States land office opened the doors
and formally declared open a town-
ship in Lake county. It was to file on
lands in the new township that the
sixty people, five of whom were wo-
men, stood in line from 5 o'clock in
the afternoon until 6 a. m. The re-
ceiver prevented a bad mixup by issu-
ing numbers to the people in line.

In the party and well up to the front
was a man eighty-five years old.

ECLIPSE SOUTH AFRICA.

Recently Discovered Gold Fields in
Two Mexican Districts.

Mexico City, Sept. 10.—British ex-
perts familiar from long experience
with South African gold regions, who
have visited the recently discovered
gold fields in the districts of Mexico
and Michoacan, assert, after a care-
ful examination, that there is no com-
parison between them and the fields
of South Africa and that Mexico will
soon be one of the greatest producers
of gold in the world.

Syracuse, N. Y., Sept. 10.—Major
Delmar, in an attempt to lower the
record of Crescenzo, 2:03 1/2, on the New
York state fair track, broke the record,
making the mile in 2:01 1/2. This is
the fastest time ever made by a geld-
ing on any track.

Waupaca, Wis., Sept. 10.—Thomas

WASHINGTON POSTOFFICE.

Thorough Investigation Made of Cer-
tain Charges.

Washington, Sept. 10.—By direction
of President Roosevelt a thorough in-
vestigation has been made into the
charges preferred by Seymour W. Tul-
loch against the management of affairs
of Washington postoffice. This in-
vestigation has been made by Charles
J. Bonaparte and Holmes Conrad, spe-
cial counsel of the government in the
prosecution of the postoffice fraud
cases, and it is independent of and en-
tirely supplementary to the report
made by Fourth Assistant Postmaster
General Bristow on the charges pre-
ferred by Mr. Tulloch.

Mr. Bristow's report, Mr. Conrad
said, was simply a collection of the
facts in the case as reported by post-
office inspectors and contained no
opinions as to the merits of the
charges. The investigation made by
Bonaparte and Conrad will go into the
merits of the charges and will express
an opinion as to whether the accused
persons are guilty of the offenses
charged against them. The conclu-
sions drawn from their inquiry will
be embodied in a report which will
be submitted to the attorney general
the latter part of this week.

No prosecutions will follow from any
conclusions the report may draw, as
the offenses if any have been commit-
ted, are barred by the statute of limi-
tations.

SPECTATOR KILLED.

Racing Automobile Crashes Into the
Track Fence.

Detroit, Sept. 10.—While Barney
Oldfield's racing automobile was run-
ning nearly sixty miles an hour at the
Grosse Pointe track during the after-
noon in the ten-mile open event one
of the front tires of the machine
burned through and exploded, throw-
ing the car into the fence and injuring
Frank Shearer, a spectator so severely
that he died in an ambulance. The
car went fifty feet through the air,
but Oldfield, who kept his seat, es-
caped with several cuts about the body
and one broken rib.

UNION MINERS CONFIDENT.

Keeping Their Organization Intact at
Cripple Creek, Colo.

Cripple Creek, Colo., Sept. 10.—The
mine owners have announced that no
members of the Western Federation of
Miners would be employed in any
of the properties owned by members
of the association. The federation's
influence on the prosperity of the dis-
trict has been bad, according to the
mine owners, who openly declare that
they will no longer tolerate its alleged
dictation. The union miners are still
confidently aggressive and are keep-
ing their organization well intact.

A Remedy For Snake Bite.

There is a most remarkable account
of the exploring trip of an orchid hun-
ter named Andre through an unknown
part of Venezuela. The party met
with terrible hardships and privation,
and only about half of them got back
to civilization. They were in continual
danger from snakes, and the native
remedies, the only ones at hand, were
severe ones. One day Mateo Ramirez,
one of the men walking through the
jungle, was bitten just above the ankle
by a snake. Andre suspected that the
bite was not poisonous, but Mateo was
in mortal terror and allowed his friends
to subject him to a remedy worse than
the disease. Throwing him to the
ground, they wound a strong creeper
around his thigh until it cut into the
flesh and then burned the wound with
a live coal until the patient shrieked
in agony. Chewed tobacco and crushed
garlic were afterward rubbed in and
the wound bound up. The snake bite
was cured, but the poor victim suffered
for many days from the remedy.—Les-
lie's Monthly.

be arranged. But she has her trousseau
all planned."—Kansas City Jour-

can Mining congress moved over to
Lead and after receiving a cordial

DIES FROM THE SHOCK.

**Accusation of Theft Kills Prominent
Chicago Woman.**

Laporte, Ind., Sept. 10.—Mrs. Janie
Stewart Boyesen of Chicago, died
during the day at Asheville, N. C., as
a result of nervous shock following ac-
cusations of theft. While Mrs. Boye-
sen was at a hotel near Spartansburg,
S. C., the room of a guest from Au-
gusta, Ga., was robbed of \$600 worth
of jewelry. The landlord accused
Mrs. Boyesen. She was not in good
health and the charge resulted in her
physical collapse.
Before the end came she institute
a fifty thousand dollar damage suit
against her accuser in the federal
court at Charleston.
Mrs. Boyesen had done consider-
able newspaper work and was a musi-
cian of marked ability. She was a
member of the Daughters of the Ameri-
can Revolution, the Chicago Woman's

tion to the national trophy, valued at

KILLED BY DISGRACE.

**Des Moines Woman Dies After Faint-
ing in Court.**

Des Moines, Sept. 10.—Swooning as
she heard her son Fred bound over to
the grand jury on the charge of lar-
ceny, Mrs. Susan Virden, an aged wo-
man, dropped to the floor of Justice
Duncan's court and closed her eyes for
the last time on a heart-breaking
scene, for she died late in the after-
noon.

When the judge commenced to ren-
der his decision she strained every
nerve to catch the words. She bent
her aged head forward and as the fatal
words were spoken she fell to the floor
in a dead faint.

JUDGE FLANDRAU DEAD.
Pioneer Settler of Minnesota Passes
Away at St. Paul.

St. Paul, Sept. 10.—Judge Charles
E. Flandrau died at his residence, 285
Pleasant avenue, at 8 o'clock a. m.
For two years he had been suffering
from a kidney ailment, and in the past
week his illness took so serious a turn
that his end was known to be a mat-
ter of a few days. All the members
of the family were at his bedside
when the end came.

Of Huguenot ancestry, he was born
in New York City, July 15, 1828, his
father being at that time a law part-
ner of Aaron Burr. Judge Flandrau
was educated in private schools at
Georgetown and Washington, D. C.,
and at the age of thirteen yielded to a
desire to go to sea. After three years
of seafaring life he began the study of
law in his father's office, at White-
boro, N. Y., and in 1851 he was ad-
mitted to the bar. After two years of
legal experience he came West with
Horace R. Bigelow, and the two formed
a legal partnership in St. Paul. In
1856 he was appointed Indian agent
for the Sioux of the Mississippi, and
did notable work in rescuing hundreds
of refugees from the hands of the
blood-thirsty reds. In 1857 he be-
came a member of the constitutional
convention which framed the consti-
tution of the state. At that time he
was also appointed an associate jus-
tice of the supreme court of Minne-
sota, retaining his place on the bench
until 1864. Politically he was a Demo-
crat, and in 1867 was a candidate for
governor.

It was during the Sioux rebellion of
1862 that Judge Flandrau performed
his most notable services for the
state. Upon the outbreak of the re-
bellion, Judge Flandrau organized a
company and marched to the scene of
the trouble immediately. At New
Ulm he was chosen commander-in-
chief of the volunteer force, and after
a fierce fight which continued for over
forty hours without cessation, saved
New Ulm from being pillaged and the
citizens and refugees from certain
massacre.

WHILE PACKING A TRUNK.
Prominent St. Paul Business Man Ac-
cidentally Shot.

St. Paul, Sept. 10.—Henry Nicola,
a member of the firm of Nicola, Deas &
Gregg, accidentally shot himself in the
head with a revolver during the after-
noon at his home, while packing a
trunk. The bullet entered his head
above his right temple, and death was
almost instantaneous.

The manner in which the accident
happened remains a mystery, but it is
thought that in placing the revolver
among other things with which he was
filling the trunk, the trigger was
touched inadvertently, or that the re-
volver dropped and discharged itself.

Henry Nicola was born in St. Paul
forty-two years ago, and he had re-
sided in this city continuously, with
the exception of a few years spent at
college, and later in traveling abroad.
He was possessed of a comfortable
private fortune as well as his interest
in the firm left him by his father, the
late John Nicola. He took no part in
the business of the firm, of which his
brother, J. R. Nicola, is an active mem-
ber.

RABBI AARON SINAI DIES.
Well Known Hebrew of Orthodox
Church Passes Away.

Minneapolis, Sept. 10.—Rev. Aaron
Herman Sinai, for twenty years a re-
sident of Minneapolis and one of the
most prominent orthodox rabbis in
America, died at his home here during
the morning. Rabbi Sinai was one of
the first rabbis to minister to the or-
thodox Jews in Minneapolis, and dur-
ing the twenty-five years that he re-
sided in America he has been connect-
ed with nearly every important Jew-
ish movement. It was during his con-
nection with the Congregation Ken-
neseth Israel and through his influence
that the orthodox church has main-
tained its strength in the community.
Rabbi Sinai was born in Germany in
1841.

IN LINE ALL NIGHT.

**Women and Octogenarian File on
Land at Duluth.**

Duluth, Sept. 10.—Sixty weary, hun-
gry and sleepy people stood in line at
the federal building at 6 o'clock a. m.
when Receiver Smith of the United
States land office opened the doors
and formally declared open a town-
ship in Lake county. It was to file on
lands in the new township that the
sixty people, five of whom were wo-
men, stood in line from 5 o'clock in
the afternoon until 6 a. m. The re-
ceiver prevented a bad mixup by iss-
uing numbers to the people in line.
In the party and well up to the front
was a man eighty-five years old.

ECLIPSE SOUTH AFRICA.

**Recently Discovered Gold Fields in
Two Mexican Districts.**

Mexico City, Sept. 10.—British ex-
perts familiar from long experience
with South African gold regions, who
have visited the recently discovered
gold fields in the districts of Mexico
and Michoacan, assert, after a care-
ful examination, that there is no com-
parison between them and the fields
of South Africa and that Mexico will
soon be one of the greatest producers
of gold in the world.

WASHINGTON POSTOFFICE.
Thorough Investigation Made of Cer-
tain Charges.

Washington, Sept. 10.—By direction
of President Roosevelt a thorough in-
vestigation has been made into the
charges preferred by Seymour W. Tul-
loch against the management of affairs
of Washington postoffice. This in-
vestigation has been made by Charles
J. Bonaparte and Holmes Conrad, spe-
cial counsel of the government in the
prosecution of the postoffice fraud
cases, and it is independent of and en-
tirely supplementary to the report
made by Fourth Assistant Postmaster
General Bristow on the charges pre-
ferred by Mr. Tulloch.

Mr. Bristow's report, Mr. Conrad
said, was simply a collection of the
facts in the case as reported by post-
office inspectors and contained no
opinions as to the merits of the
charges. The investigation made by
Bonaparte and Conrad will go into
the merits of the charges and will ex-
press an opinion as to whether the
persons are guilty of the offenses
charged against them. The conclu-
sions drawn from their inquiry will
be embodied in a report which will
be submitted to the attorney general
the latter part of this week.

No prosecutions will follow from any
conclusions the report may draw, as
the offenses if any have been commit-
ted, are barred by the statute of limi-
tations.

Oldfield's racing automobile was run-
ning nearly sixty miles an hour at the
Grosse Pointe track during the after-
noon in the ten-mile open event one
of the front tires of the machine
burned through and exploded, throw-
ing the car into the fence and injuring
Frank Shearer, a spectator so severely
that he died in an ambulance. The
car went fifty feet through the air,
but Oldfield, who kept his seat, es-
caped with several cuts about the body
and one broken rib.

UNION MINERS CONFIDENT.

**Keeping Their Organization Intact at
Cripple Creek, Colo.**

Cripple Creek, Colo., Sept. 10.—The
mine owners have announced that no
members of the Western Federation
of Miners would be employed in any
of the properties owned by members
of the association. The federation's
influence on the prosperity of the dis-
trict has been bad, according to the
mine owners, who openly declare that
they will no longer tolerate its alleged
dictation. The union miners are still
confidently aggressive and are keep-
ing their organization well intact.

A Remedy For Snake Bite.

There is a most remarkable account
of the exploring trip of an orchid hun-
ter named Andre through an unknown
part of Venezuela. The party met
with terrible hardships and privation,
and only about half of them got back
to civilization. They were in continual
danger from snakes, and the native
remedies, the only ones at hand, were
severe ones. One day Mateo Ramirez,
one of the men walking through the
jungle, was bitten just above the ankle
by a snake. Andre suspected that the
bite was not poisonous, but Mateo was
in mortal terror and allowed his friends
to subject him to a remedy worse than
the disease. Throwing him to the
ground, they wound a strong creeper
around his thigh until it cut into the
flesh and then burned the wound with
a live coal until the patient shrieked
in agony. Chewed tobacco and crushed
garlic were afterward rubbed in and
the wound bound up. The snake bite
was cured, but the poor victim suffered
for many days from the remedy.—Les-
lie's Monthly.

One Thing Settled.
"Grace is greatly worried. She can't
decide where to go on her bridal tour."
"When is she to be married?"
"The date hasn't been fixed yet."
"Whom is she going to wed?"
"That's another detail that is yet to
be arranged. But she has her trans-
action all planned."—Kansas City Jour-
nal.
